How to detect Outliers?

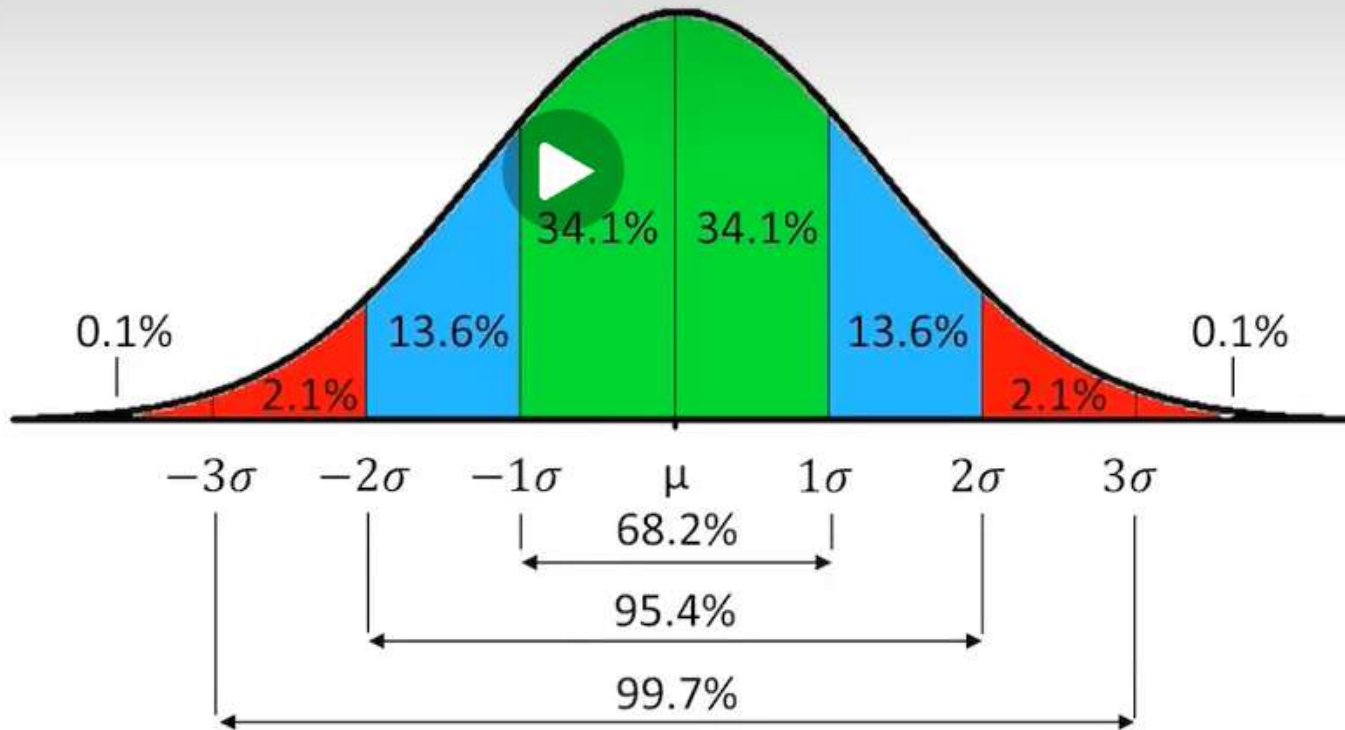

Thursday, April 29, 2021

3:27 PM

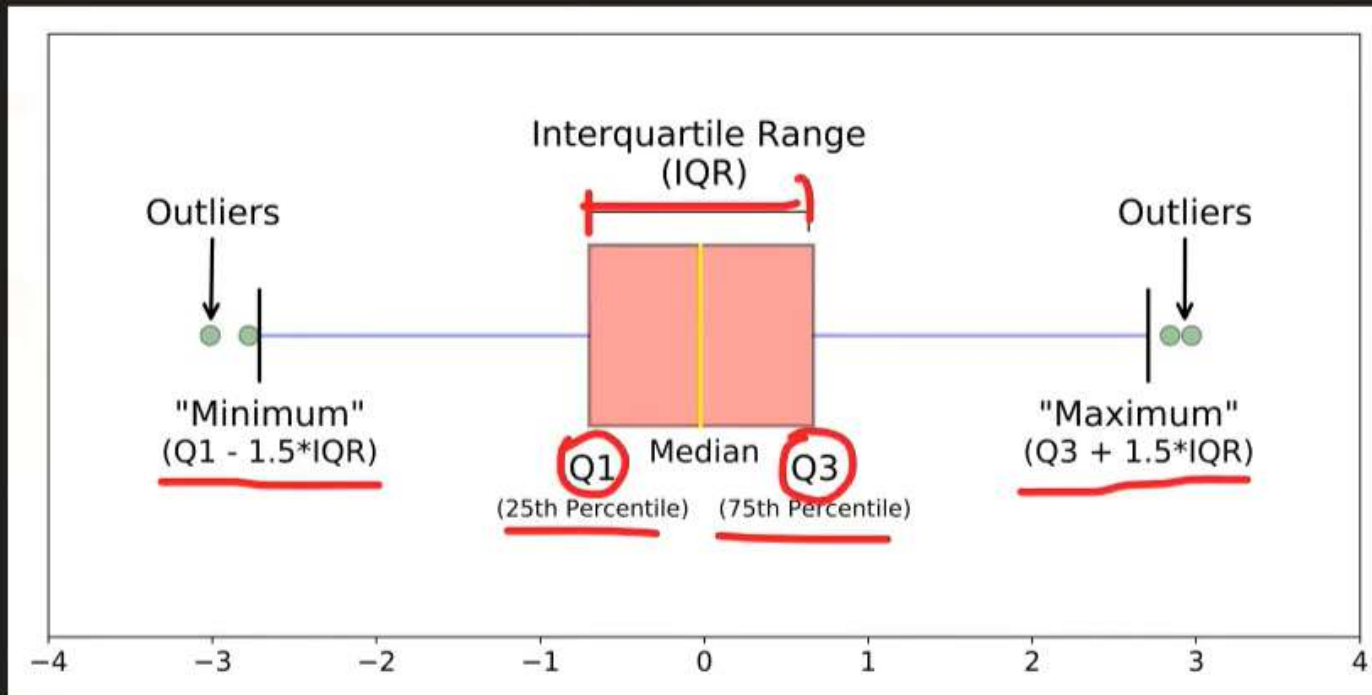

$$\begin{aligned} (\mu + 3\sigma) &> \\ (\mu - 3\sigma) &< \end{aligned}$$

Now

1. Normal Distribution

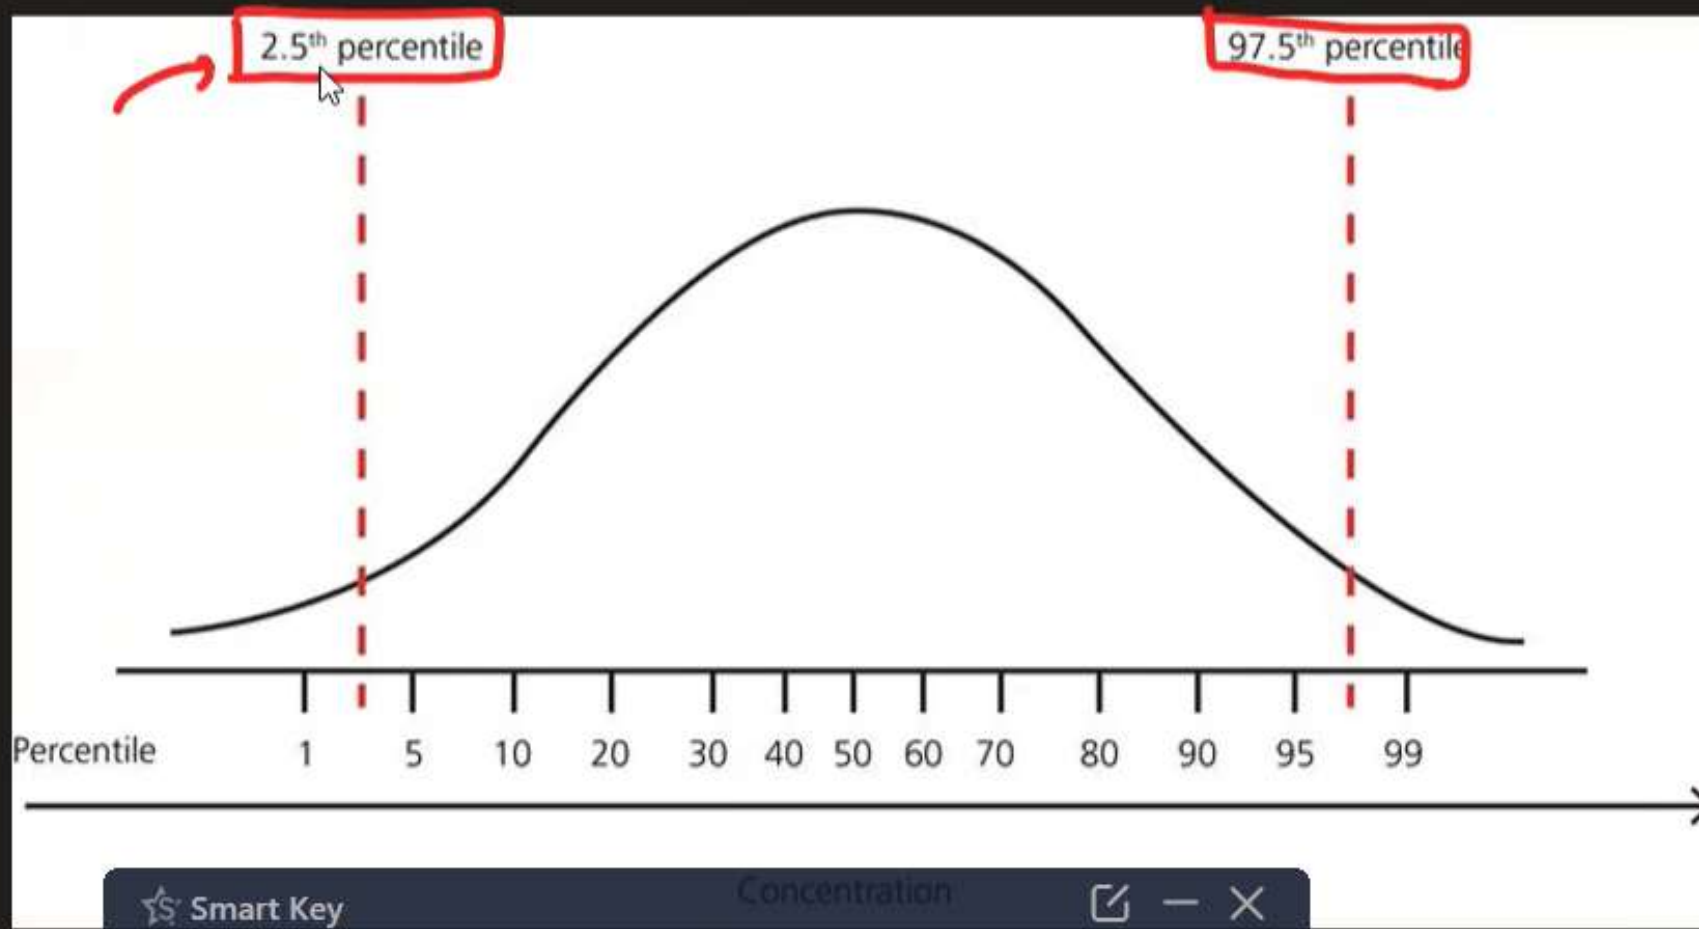

2. Skewed Distribution

$$\text{min} = \underline{Q1 - 1.5 \cdot IQR}$$
$$\underline{Q3 + 1.5 \cdot IQR}$$

3. Other Distributions

Techniques for Outlier Detection and Removal
